Your Questions Answered

IS THIS HER FIRST OVERNIGHT CAMP?

Ours too—meaning, our first time welcoming YOUR daughter. We treat every camper as the precious person she is, with patience, kindness, and expert care.

WHAT ABOUT HOMESICKNESS?

It's completely normal. Our counselors are trained to help campers work through those feelings with compassion. We never dismiss emotions—we help process them and have for over 100 years.

HOW DO YOU KEEP CAMPERS SAFE?

- 1:5 Counselor to Camper Ratio
- CPR & First Aid Trained Staff
- Licensed medical professionals 24/7
- ACA Recommended Safety Protocols
- Secure facility with monitored access

CAN WE COMMUNICATE WITH HER?

Yes! We offer letter writing and emails. We'll also send photo updates so you can see her smiling face.

MEALS

Three meals served family-style teach table manners, nutrition, and belonging. Special cookouts together build healthy relationships with food and community during outdoor special events.

CLASSES

She rotates through activities like glee club, swimming, horseback riding, tennis, and arts—discovering what she loves without pressure to choose or perform. Expert instruction builds real skills and genuine accomplishments she'll be proud to bring home.

EVENING ENTERTAINMENT

Games, skits, cabin bonding, overnights under the stars, council ring, and more traditions bring girls together away from devices—where real friendships actually form. She'll laugh, be herself, and connect with girls who truly know her.

What parents are saying...

Nakanawa has never lost the simple values, manners and expectations that so much of society has lost. My daughter came back more responsible, more polite, and more confident in herself. I can't wait for her little sister to join this year!

- Ellis H., Junior Camper Mom (Alabama)
